

WHERE I'VE HELPED

SEMESTER ONE:

October 18, 2021

SEWING FOR KIDS

Inspired by the children I tutor in various subjects online, I got to thinking about how nice it is that we can do our one-on-one lessons without a mask on. I had a good amount of left-over fabric from some masks I made for family and friends, so I decided to sew a stack of about 25 masks to donate to some local children in the community who need to wear a mask for in person learning.

The Mama Goose Children's Consignment Shop was happy to accept them. Mama Goose serves the community by offering a consignment space as well as supporting the Ithaca Rotary Clubs Share the Warmth Clothing Drives for children in need in participation with Catholic Charities of Tompkins/Tioga. Mama Goose will give my donated masks away to children in need in their shop.

OZ LAND FESTIVAL

As a former member of the Antonia Arts Wiz Kidz it was a pleasure to meet with Scarlet to hear about all the inspiring events she had coming up for her new rising stars of young singers/dancers/thespians. I was delighted to perform a song for her Oz Land event this September.
